- i. In certain situations, Employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodations and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such cases, the Employer shall provide one of the following options:
 - provide suitable room and board; or
 - directly pick up the cost of the room and pay a meal allowance to be determined as set out in this Article; or
 - the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
 - i. Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the President of the Saskatchewan Provincial Building and Construction Trades Council (SPB&CTC) issue a formal written request to the President of the CLR Construction Labour Relations Association of Saskatchewan Inc. (CLR) that a Substance Review Committee be established. Alternately an Employer may request that the CLR issue a formal written request to the President of the (SPB&CTC) that a Substance Review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.
 - ii. The Subsistence Review Committee will consist of one (1) representative appointed by the SPB&CTC and one (1) representative appointed by the CLR. Neither appointee shall be directly involved with the issue at hand. The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the community or communities where the Employees will be domiciled. In the event that the Committee determines that the allowance is insufficient to purchase such lodging and meals, the Committee shall determine the amount by which the subsistence allowance will be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that both appointees mutually agree with the resolve. Any such mutually agreed upon decision shall issued within five (5) days from the date of referral or such longer period as agreed between the CLR and the SPB&CTC.
 - iii. In the event that the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of Article V. The Umpire shall render a final & binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodations and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as agreed between the CLR and the SPB&CTC. The decision of the Umpire shall have the same binding effect and shall be subject to the limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the CLR and the referring Union.

- iv. If the parties are unable to resolve a difference as referred to above within ten (10) working days of notification of the difference, either party may notify the other in writing of its desire to submit the matter to arbitration. The notice referred to in this clause shall contain:
- a) a statement of the nature of the grievance;
 - b) the section or sections of the Collective Agreement allegedly violated or contravened;
 - c) any relevant particulars such as names, dates and facts concerning the allegations;
 - d) the remedy requested; and
 - e) the name or list of names of persons who would be willing to accept the arbitrator's position, and the name of the party's nominee should an arbitration board be selected.
- v. The Subsistence Review Committee and/or Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to carry out the objects in this clause some guidelines are included;
- In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
 - To determine seasonal adjustments due to tourism, availability of rooms etc. which may effect the rate of subsistence over the entire course of the job; i.e. an increase in the costs during tourism season followed by a decrease at the end of the tourism season or some other situation.
 - Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motel to look at.
 - The cost of meals based on the range of standard camp meals routinely served in a camp pursuant to the Saskatchewan Camp Rules and Regulations, which are adopted in this Collective Agreement, over an average weekly period.
 - Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.

There shall be no more than one reference of these matters to an Subsistence Review Committee Umpire with respect to any community in a calendar year unless it can be shown that there has been a material changes of circumstances within that calendar year. Such a review within a calendar year may be made by either the Employer or the Union.
